# Why Choose Luna?

Our Luna retractable awnings will create the idyllic atmosphere for you to relax and unwind with its weatherproof features and seamless motorised roof technology!

Produced out of unique injection system aluminium materials, our Luna and Luna Crescent retractable awnings are designed to last a lifetime with a low maintenance guarantee!

## Features

- Dimmable LED lights.
- Smooth retractable roof with Somfy motors.
- Polyester pvc canopy which undergoes a polishing process to resist any harsh weather conditions.
- Sophisticated drainage system.
- Automatic length adjusters to prevent any sagging.
- Intelligent remote control operation.

## Additional Information

- Canopy fabric colours: light grey or white.
- Legs are 2.5m in height as standard but can be altered upon installation.
- Slope of roof is 10 degrees.
- All frames are anthracite grey powder coated aluminium (RAL7016).
- All models can be made bespoke with a size up to 10m wide and a projection up to 11m!
- Carefully tested to withstand winds up to 100km/h and a weight of 50kg against rain and snow.
